Parish Council Report September 2026

Cambs County Council

Unpaid Carers Support

Unpaid carers across Cambridgeshire are being invited to share their experiences to help shape the future of support services in the county. Cambridgeshire County Council is bringing together unpaid carers, people with lived experience, local organisations and others with an interest in supporting carers to design future Adult Carers Support Services.

The workshops will build on feedback already shared by carers and provide another opportunity for people to influence how support is delivered in the future

The council is keen to hear from people who provide care for family members, friends or neighbours, as well as young adult carers and others with experience of caring. Their insights will help ensure future services reflect the needs of carers and the people they support.

A series of workshops will take place between September 2026 and March 2027, giving participants the opportunity to help develop future service priorities, shape how services are delivered and contribute to wider commissioning plans. There is no expectation that people attend every session, with all involvement welcomed based on individual availability and interests.

The first workshop will take place on Friday 18 September 2026, from 10.30am to 12.30pm at Huntingdon Library. During the session, participants will explore priorities for future carers' services and help shape the outcomes they would like those services to achieve.

This work also supports The Big Conversation on Care, which launched on 29 July and is the largest public conversation about adult social care in a generation. It aims to give people across England a direct opportunity to influence the future development of a National Care Service and help shape how care and support will be provided for years to come. The council is committed to making the workshops accessible and inclusive. Anyone with accessibility requirements or communication needs is encouraged to discuss these when booking so that appropriate support can be provided.

Anyone interested in taking part, or who would like more information, can contact Commissioning.FPTeam@cambridgeshire.gov.uk.
